## **ABOUT IOWA WEST PUBLIC ART**

Iowa West Public Art (IWPA) is an initiative of the Iowa West Foundation. Launched in 2007, IWPA is guided by a community-driven Public Art Master Plan. The result is the designation of more than 50 locations for site specific public art throughout the city. The Master Plan envisions that by the year 2015, Council Bluffs is a community with a national and international reputation for high quality art that attracts visitors from all over the world, fueling economic development.
